

Chime Four Remote Ring Entry Chime System

Rings in back of store. Works on motion of people. Good for stores that leave their doors open most of the year but work fine in convenience or liquor stores. Can be ordered for pull door with sensor lens defeated and magnetic reed security switches installed. Essentially no wiring (wireless) from front door to first place you have the chime receiver (common location) then can power to more devices to other parts of store via short runs of wiring and external speaker or external siren alarm device.

\$190.00 each unit

External Speaker \$12 (or you can find your own)

Other side of 12 pole can be used for other 12 volt devices like alarm tweeters sirens car horns

I have been selling/installing this unit for 15 years

- **Easy installation - Wireless system**
